#### AIMS

##### SOCIETIES IN ENGLISH

This EC belongs to the UE: HUMANITIES

It contributes to the development of the following transversal skills :

CT7: Work in an international, intercultural context

--CT7.1: Communicate in a foreign language

by allowing the student-engineer to develop and be evaluated on the following learning  
outcomes:

The student CAN:

--learn and apply grammar and vocabulary covered in class

--give an oral presentation

--have a conversation in English

--write a summary

--understand authentic documents (written and A/V)

--talk about a society or a social phenomenon

The target level of acquisition (B1-B2+) is dependent on the level of group.

#### CONTENT

Instructors use CEFR methodology to design lessons toward the completion of complex tasks  
that require the students to engage in the 5 linguistic activities, at a level and with linguistic  
input that are appropriate for the group. In-class and/or guided independent study of the  
forms and functions of the language is regular and adapted to the level of the group.

In the first semester, themes covered include:

--language learning methodology (RC, OC, WP, vocabulary learning and grammar training)

--oral presentation skills

--a topic about a society or a social phenomenon
