#### AIMS

This EC belongs to the UE: HUMANITIES

It contributes to the development of the following transversal skills :

CT7: Work in an international, intercultural context

--CT7.1: Communicate in a foreign language

by allowing the student-engineer to develop and be evaluated on the following learning  
outcomes:

The student CAN:

-- understand and apply social codes from different countries

--have a conversation appropriate de the context

--confront communicational challenges of increasing difficulty

--produce diverse types of written expression

--understand authentic documents (written and audiovisual)

--talk about a society or a social phenomenon

--apply grammar and vocabulary covered in class

The target level of acquisition [B1-B2+] is dependent on the level of group.

#### CONTENT

Instructors use CEFR methodology to design lessons toward the completion of complex tasks  
that require the students to engage in the 5 linguistic activities, at a level and with linguistic  
input that are appropriate for the group. In-class and/or guided independent study of the  
forms and functions of the language is regular and adapted to the level of the group.

In the first semester, themes covered include:

--language learning methodology (RC, OC, WP, vocabulary learning and grammar training)

--oral presentation skills

--a topic about a society or a social phenomenon
